

28.4.2021

Dear Parent or Carer

Torbay Council's Cycling Instructors will be at the school in the next few weeks to deliver Bikeability Level 2 to year 5 and year 6 pupils. The training takes place during school times over four days.

There are a limited amount of places available so they are allocated on a 'first come first served' basis and the **deadline for bookings is this Sunday 2 May**. So please book early to avoid your child's disappointment as this is always a popular course. Please note that if your child was booked onto last year's postponed course, you will already have received this booking link by email and if you haven't already rebooked their place on the amended dates, please ensure that you do so.

If all places have gone when you try to book, please add your name to the reserve list and you will be notified if a place becomes available. If we have a lot of names on the reserve list, we will endeavour to hold another course.

Covid-19 Please note that this activity has been fully risk assessed with regard to Coronavirus and the necessary documents have been forwarded to the school.

Please use this link to get full details and to book your child's place.

Your child must be able to start and ride a bike without assistance or stabilizers to take place in the training.

If your child can't ride a bike, we do provide sessions at Torbay Velopark. These sessions are delivered on our behalf by Two Wheels Tuition. A subsidised Learn to Ride session lasts 2 hours and costs £10. Please contact twowheelstuition@yahoo.co.uk for more details.

We look forward to teaching your child.

Best wishes
Michele
